SECURITY TIPS FROM OUR LOCAL POLICE PRECINCT...

- Leave exterior light fixtures on at night to illuminate your entrance as well as the common area. By installing a photocell in the fixture, it will go on automatically at dusk.
- Put timers on interior lights in several rooms in your home to go on and off at different times when you are away.
- Activate your security alarm before leaving, even during daytime hours.
- Stop your newspaper, mail delivery etc., when you go away.
