GOOD & WELFARE

Congratulations . . .

To Laura and Richard Alaimo on the birth of their grandson, Antoine Charles Richard Alaimo, on April 23rd in Paris, France.

To Fran Fallowes whose grandson, Corey, made his Bar Mitzvah on May 12th.

CONDOMINIUM I

The Condominium I Board of Managers would like to thank their Maintenance Supervisor, Rene Cano, for his 25 years of service to the community. Rene continues to play a tremendous role in preserving Acorn Ponds Condominium I. His hard work and dedication does not go unnoticed.

THANK
YOU!

REMINDER!!!

We cannot stress enough how important it is to STOP at all stop signs and to stay within the speed limit of 15mph when driving through the community.

With weather conditions improving, there will be more people out walking and appreciating the nice weather.

We want to enjoy this time of year and strive to keep our community as safe as possible.

RULES GOVERNING PETS

The office has recently received multiple complaints of pet violations.

Please review The Rules Governing Pets listed below:

1. Pets are not permitted to defecate or urinate on the lawn areas.
2. Pet owners must remove all feces deposited by such animal.
3. Pets must be under immediate control of their owners. No pets, including dogs and cats, should be allowed to roam.
4. Residents are prohibited from putting food, water or shelter for animals, including bird feeders, outside their unit or in the common areas.
5. No animal may be leashed to any stationary object in the common and/or restricted common areas.
6. Pets are not permitted in the park area.

Anyone who observes a violation is asked to report it to management. If you are in violation of any of these rules, proper fines will be placed.

For the welfare, comfort and convenience of all residents, everyone's cooperation in complying with the rules, as written, will be appreciated.

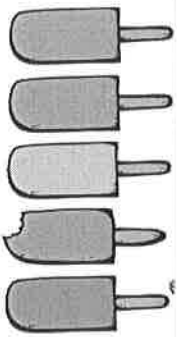

PROPANE TANKS

With summer upon us, please be aware that any empty propane tanks are NOT permitted in the common garage area under any circumstances. Even if tanks are empty or contain a small amount of propane, they are still dangerously explosive. In many cases, they can start to rust and gas can escape.

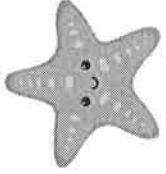

Propane tanks can be returned to Home Depot and some gas stations will accept them as well.

Thank you for your cooperation.
